Call for participation MICROBIOTA

Tiny printed art portfolio

What is a portfolio?

It's a collective exchange!

Each participant prints as many prints of one edition as participants of the project. Once all the editions received at our Studio, he/she receives in return one print of the edition of each participant in the project, that is to say as many original prints as participants.

For example, for one edition of ten prints, there will be ten identical portfolios of ten original prints, which each participant will have in his personal collection.

How is it organizing?

Once registered, you have to make a number of prints of an image equivalent to the number of participants +1.

We will send you the number of participants and their names once the registration deadline is reached (October 30).

You have 3 months to print the edition. By January 30th, 2021, each participant will send its edition with a postage-paid return envelope to :

l'Atelier Silexink
microbiote
276 rue de la Croix
59242 Genech
France

The Studio imagines a nice presentation, then returns a copy of the portfolio to all participants. One of the copies remains to the Studio for the project archives.

What are the rules of the game?

Number of participants : 39 maximum

Number of prints to realize : 40 maximum (1 for each participant and 1 for the Silexink Studio)

Paper size : 4X4cm

Image format : free

Subject : free

Accepted techniques : all the multiple artistic printing techniques. If you are in doubt, contact us! silexink@gmail.com

Deadline for submission of works : January 30th 2021.

How to participate?

Deadline of registration : October 30th 2020.

Registrations stop once the limit number of registrations is reached.

To participate in the Tiny Microbiota Portfolio, nothing could be simpler! You must **complete a registration form** and be (at least) **friend member of the Studio** (membership : 10 euros). This membership allows you to participate in all the projects of the year organized by our Studio.

I'm committed to send the works printed on a paper 4x4cm for the portfolio Microbiota to Atelier Silexink - 276 rue de la Croix, 59242 Genech, France - accompanied by a stamped return envelope before January 30th 2021, and I certify having a valid membership at the Silexink Studio.
Friend membership : 10 euros.

The association undertakes to return the prints to the participating artists.
The postal consignment is at the expense of the participant.

One of the copies is for the Studio collection, it can be presented at the Studio gallery and during the events in which it participates.
